the one you love and buy it to make sure it is yours. On February 1st we will draw a name. If you're the winner and bought a fur, you get 100% of your

purchase is required to win. You must stop by in person to register. One registration per customer. The winner has the option for their name to be kept private. In 100 years this is the biggest discount we have ever given. Good luck !!

Back in Cashmere

Furs are amazing today. They are so light weight, as light as cashmere. You can wear most of our new furs in the same temperature as cashmere, but sometimes nothing really replaces wearing a classic

We have a cashmere blend, but most of the styles are in that amazing 100% cashmere. We have the most traditional single breasted notch collar coat

black cashmere coat. It is a good thing to have. It has been years since we have had them at Barnes. We weren't able to find the quality, style, and price we wanted to offer. But, I am happy to say, we have cashmere coats back in 2026.

that we have always loved. We have a more contemporary double breasted pattern, a great wrap coat, and a 36" walking coat that might be my favorite. We will have the colors; Camel, Vicuna Brown, and Black available in all style. Another missed item that is back for 2026 is our hooded rain coats from years ago. Be sure to take a look while in the store this fall.
