

Rex What ?? Rabbit ?

There is a great fur that has been popular in Europe for many years and it is becoming more and more popular here. We have carried it at Barnes for years and customers are starting to notice and appreciate it. It's called Rex Rabbit. I think that it has taken so long

for people to notice it, because when people think of Rabbit they aren't thinking of a nice fur. They remember the regular domestic Rabbit jackets of the 70's and 80's. Those jackets were great looking. But you only had to wear it for a few minutes to see fur everywhere; fur in the air, on your clothes and car seats. Also they didn't last very long. The pelts were not very strong and it was easy to have rips and tears after they were just a couple years old. So those jackets gave "Rabbit" a bad reputation. As soon as you heard rabbit, you weren't

interested in the rest. Rex Rabbit couldn't be more different. First it doesn't shed. You can wear it with any color or fabric and not worry about all the fur flying everywhere. The pelt is much stronger and with care it will last for years without any issue. It also feels almost as plush as Chinchilla. Now if you put Chinchilla next to Rex Rabbit there is no competition. Chinchilla is the

softest thing on this earth. But Rex rabbit is awesome. So you should look for Rex Rabbit items. It is a whole different item than the Rabbit of the past. Some stores and companies try to promote it using different names instead of Rabbit. Either they use the scientific name

or use a different language to not use the word rabbit. But I think people should recognize the difference. Oh and some stores still carry the regular Rabbit accessories. They are cheaper for good reason and you will see the fur fly with a little shake. The majority of the accessories at Barnes: scarves, hats, wraps, blankets are Rex rabbit. Yes and I said blankets. The blankets are amazing. We have more colors now than ever. Our Rex Rabbit ladder scarves we have on sale for \$45.00, make a great gift for yourself or someone special. The

newest item is our Rex Rabbit beanie hat pictured here and they are sale for \$99.00. We are starting to carry more Rex Rabbit jackets since the popularity is increasing so much for this fur. Next time in the store ask us to show you the blankets. It is the ultimate luxury to have in front of the TV.

One of the Great Sales !

We have all sorts of sales at Barnes Furs. Some we repeat and some we don't. I think there is one sale we don't promote enough. Every February we have the our flex pay sale. We have called it by different names; we call it the BF-Account or Barnes Furs Account currently. I am amazed how many customers don't know about it. So every February you can take a fur that you want at

Barnes with its end of season sales price and we divide the total into 9 monthly equal payments. There is no credit check. There is no fee or interest. It is the best way to get that fur your have been thinking about and want to make sure

you have it for the next wearing season. So a \$2,000.00 purchase is 9 monthly payments of \$222.22. The fur stays in our cold storage vault and is ready to be picked up in October, the beginning of fall. The customer can send in checks each month, stop by the store with cash, or we can set up an auto charge on your credit card so you don't have to do anything. We usually mail out monthly statements so you know your balance, but can also keep those here at the store if we want to keep the purchase secret. We can also adjust the payments to suit your needs. If you want to pay more down to make the monthly payments less or if you would like to make smaller monthly payments with a larger final payment. The account is flexible. And you can do this with next year's Christmas present too. With a Christmas present we can keep the fur till December and pick it up wrapped and ready for the tree. What makes this even better, the fur is returnable for a refund or exchange until Jan 6th 2023. So at the end of our sales season, don't forget that fur you saw. Put it away for next year with the ease of our BF-Account flex pay.
